Dear Parents,

We write to you regarding Schoology.

As you begin to use Schoology to monitor your child's assignments, you may find that there are occasions when you receive email notifications stating that your son/daughter has not delivered assignments on time. This occurs when a teacher registers an assignment in Schoology, but the student hands in the assignment instead of posting it to Schoology; the system notifies this as “non-compliance” and generates an email. Therefore, these late assignment notifications simply indicate that the assignment has not been posted to Schoology, and they are not necessarily a notice of non-compliance on the part of the student.

Please note that this is a temporary situation which will be remedied when Schoology is fully installed.

Kind regards,

Estimados Padres:

Les escribimos para informarles acerca de Schoology.

En la medida en que comiencen a usar Schoology para monitorear las tareas de su hijo/hija pueden recibir notificaciones por mail indicando que sus hijos no entregaron alguno de los trabajos a tiempo. Esto sucede cuando un docente registra una tarea en Schoology pero el alumno la entrega en mano el lugar de publicarlo en Schoology; el sistema lo notifica como un incumplimiento y se genera un email. Por lo tanto, estas notificaciones de entregas atrasadas simplemente indican que la tarea no se ha publicado en Schoology y no deben ser necesariamente tomadas como notificación de no cumplimiento por parte del alumno.

Esta situación es temporaria y se corregirá una vez que se complete la instalación de Schoology.

Cordialmente,

Iara Lindemann
